

CAT[®] RENTAL POWER

Energy Power Systems Australia's (EPSA) Cat[®] Rental Power has a national fleet of rental power generators, air compressors and temperature control units available 24/7.

Customers rent for a day or a lifetime – our national network gives customers a quick response anywhere in Australia.

We offer rental of equipment from a single unit and supporting ancillaries through to complex multi megawatt turnkey solutions to power your business.

We supply the latest technologies and products, with no maintenance or storage costs.

Cat Rental Power delivers you technically superior Cat power with unmatched engineering support, technical advice and after-sales support.

Cat Rental Power is the first Cat dealer to be certified by Caterpillar as a 'Certified 5 Star' Rental Power Division. This award is recognition of our achievements.

Cat Rental Power – Cat-Certified 5 Star business.

“ We have had only positive experiences with the Cat Rental Power team. They've gone out of their way to provide equipment when required, even with limited notice. Thumbs up from us! ”
