

USED FLEET

Energy Power Systems Australia (EPSA) offers quality used equipment from our own Cat® Rental Power fleet, as well as used and rebuilt units from the Cat used equipment fleet.

All equipment is built to the highest specifications and standards, and we offer some of the most advanced and dependable used models.

Our rapid turnover of rental equipment means you get the latest products. All fleet can be tested prior to sale and comes with a known service history.

Our Cat-powered ex-rental sets and Cat-certified used equipment can be supplied with a full warranty package supported by Caterpillar.

- Used Cat Rental Power generators, engines, turbines and compressors, and temperature control.
- Dealer-certified, inspected and tested by qualified Cat-trained engineers.
- Caterpillar-certified used power systems are held to a higher standard because our customers hold us to a higher standard.

“ When you buy a Caterpillar-certified used machine or a Cat dealer-certified used machine, you know EPSA stands behind it as your Cat dealer. ”
